We'd like to thank you for your continued support and for all the positive feedback we have received about our new website. Please remember to visit regularly as new products are added continuously. This newsletter is packed with new collections, including the new Regitze range from Georg Jensen, and a very special offer on what has to be the finest white diamond you can buy – The D Colour Diamond. Please visit the shop too as we have some truly inspiring gift ideas for Christmas, and why not enjoy a mince pie and a glass of mulled wine in the upstairs restaurant to round off your visit.

If you are still stuck for gift ideas, enclosed is your personal invitation to our drinks and canapes reception on Sunday December 6th at the Customs House on Ipswich Waterfront. We will showcase some beautiful jewellery and gift ideas which will hopefully give you some inspiration.

We hope you enjoy the festive season and we look forward to seeing you all very soon.

Perfect Diamonds

If you already know about diamond quality, you will know that it is impossible to get better quality than D colour. D Colour Diamonds are basically diamonds at the highest end of the scale. Diamonds with this grade are extremely rare and are genuine one-offs, which will affect the diamond's overall value.

We have some of these exclusive D Colour Diamonds arriving soon as pendants and earrings mounted in 18 carat white gold. Each stone carries an independently certificated and will make the most amazing and treasured gift for a loved one. As these stones are unique we only have a limited stock, but we will endeavour to source alternative stones of a similar price and of course quality.

Fope Gioielli is a luxury Italian gold and diamond jewellery company headquartered in Vicenza, Italy, with exclusive worldwide sales and distribution. The Fope Gioielli lines of Italian gold jewellery have a long family history and are a firm favourite for us here at Berridges.

Introducing Old Florence

Jewellery designs for true individuals.

We are pleased to introduce a new designer range of jewellery designed by Marcello Vanni, designed in the Old Florence workshops in Italy. Old Florence craftsmen draw inspiration from the aesthetics of nature and take advantage

of the most modern techniques to create designs that are preserved with the timeless beauty of modern silver. Old Florence's technical research is intent on expanding the silversmith's craft, opening

new doors and inspiring fresh ideas. The range is very affordable with bracelets and pendants from £60, earrings from £18 and collars from £150.

The new stunning Regitze Range from GEORG JENSEN

Regitze, the new beautiful icon collection from long-time favourite Georg Jensen collaborator Regitze Overgaard, sees the world-renowned jeweller taking inspiration from the fascinating fusion of shapes he witnessed at the Miro Museum in Barcelona. The fusion of shapes has been reinterpreted in many of the collection pieces.

The collection comprises bracelets, necklaces, rings, earrings and pendants. All in sterling silver and fashioned in line with Georg Jensen's uncompromising pursuit of flawless quality and unique design.
